## EDUCATION

### Grand Valley State University

*B.S. in Computer Science, GPA 3.82*

Allendale, MI

*Aug. 2020 – August 2024*

## TECHNICAL SKILLS

**Languages:** Java, JavaScript/HTML/CSS, Python, Dart

**Frameworks and Libraries:** React/Next.js, Flutter, VueJS, MUI, BootStrap

**Tools:** Adobe Photoshop, Lightroom, Illustrator, Figma

## PROJECTS

### InnoValuation TST | *Flutter, Dart, Firebase, Figma*

- Contributed to a capstone project developing a mobile app to streamline Tuberculin Skin Tests, in collaboration with Rank One Computing. Integrated ROC Enroll for biometric security, and secure photo uploading for test analysis. The project will be showcased at Reach Higher 2025, a GVSU project exhibition.

### Martha's Pizza Online Ordering | *Figma, UX/UI Design*

- Collaborated in a team to lead the UI/UX design for MyPizza, an online ordering system for Martha's Pizza, utilizing Figma. My role involved designing prototypes and the final website redesign, focusing on improving the ordering process for users. The project encompassed the entire design process from initial concept, through user research and prototyping, to final design implementation.

### TALK Fitness | *Flask, SQLite, Bootstrap*

[github.com/TALK](https://github.com/TALK)

- Played a key role in a collaborative effort to design and implement a fitness application, focusing on integration of external APIs with comprehensive documentation.

### Wordle Clone | *VueJS, CSS, HTML, Firebase*

[wordle-app](#)

- Engineered a replica of the NYT Wordle game, incorporating login function and a focus on the front end UI and game logic.

### Personal Website | *Next.js, MUI*

[kylesmigelski.com](https://kylesmigelski.com)

- Developed a personal portfolio website using contemporary design aesthetics and interactive elements to engage visitors.
- Optimized the site for performance and search engines, leading to increased visibility and professional opportunities through higher search ranking and user engagement.

## EXPERIENCE

### Server/Host

September 2023 – Present

*Fuji Yama Japanese Steakhouse*

*Grand Rapids, MI*

- Managed hosting and serving for hibachi grill dining, enhancing guest experiences through attentive service and efficient seating arrangements.
- Addressed and resolved customer inquiries and concerns, maintaining high standards of restaurant ambiance and guest satisfaction.

### Shift Manager

February 2019 – June 2023

*Tropical Smoothie Cafe*

*Oxford, MI*

- Assisted with daily operations, reviewed inventory levels, monitored delivery of supplies, and inspected food preparation and store cleanliness.
- Managed activities of team members across multiple stations.
- Trained employees for management positions and resolved customer questions, issues, and complaints.

### GM Design YM@D Program

February 2017 - October 2017

*General Motors Technology*

*Warren, MI*

- Collaborated in a group setting with peers and automotive designers.
- Gained further knowledge of the design workflow and procedures.
- Presented a completed car design and prototype at a General Motors design event.
